

INSPIRATIONS FOR GROUPS AND DAY TRIPS IN DENMARK & SWEDEN

Dear bus tour operator,

We would be happy to present our day trip program to you.

Below we have briefly summarized how a day trip to Denmark or Sweden can look like for your group:

You can integrate a day trip to Denmark and Sweden into the program of your multi-day group trips to the Baltic Sea, Schleswig-Holstein, Hamburg or Mecklenburg-West Pomerania.

Due to the fact that our ferries cross several times a day and with short crossing times, you can plan very flexibly and get to your destination quickly. The journey on the "Vogelfluglinie" from Puttgarden, on the island of Fehmarn, to the Danish port town of Rødby on Lolland takes just 45 minutes. Up to 45 departures in peak season. The ferries between Rostock (Mecklenburg-Western Pomerania) and Gedser (Denmark - Island Falster) run up to 10 departures a day in high season - just as stress-free with a duration of 1.45 - 2 hours.

The crossing with our ferries will be a unique experience for your customers - feel the fresh sea air, glide over the Baltic Sea waves and enjoy the maritime ambience of the port cities.

All our ferries meet the latest standards and are of course equipped with the latest hybrid technology, which significantly reduces emissions. The rotor sails on our Rostock-Gedser route also contribute to reduce CO₂ emissions.

Do you know, that the interior design of the ferries F/S Copenhagen F/S Berlin is based on the color variety of the 'Nyhavn' in Copenhagen with the greatest possible comfort?

On our ferries, we offer special group menus that you can order in advance at reasonable prices.

What can you do in Denmark?

Copenhagen is always popular - many like to explore the beautiful cycling city on foot. The sister island of Rügen, the island of Møn, inspires with beautiful nature, with small Danish villages, a romantic castle garden and the famous chalk cliffs in the national park "Møns Klint". Otherwise: beautiful palaces and castles, interesting museums. Or plan a trip to Malmø and southern Sweden - take the big step across the Öresund.

The appendix contains thematic day tour inspirations and our Study trips from 2022 & 2023 that will help you to create your group tour. Please remember, these are just ideas and inspirations. Each tour can be expanded and can be designed individually.

Here you will find our complete overview for day trips to Denmark and Sweden:

<https://www.scandlines.com/bus/recommended-destinations-for-groups/>

The current bus price list is available here: <https://www.scandlines.com/bus/prices-conditions/>

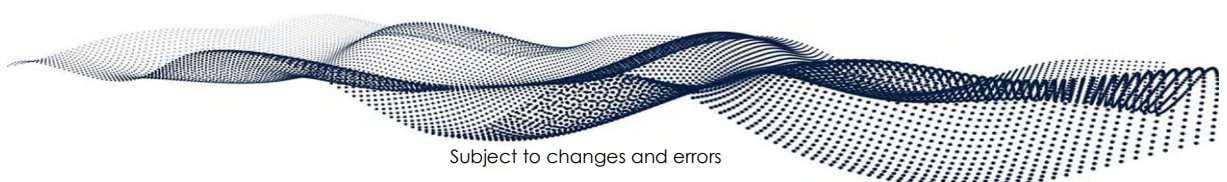

We offer our partners and frequent travelers a discount on our tariffs. From an annual turnover of €1,000 we grant you a 10% discount.

If we have aroused your interest and you need further inspiration, e.g. hotels in the greater Copenhagen area, please send us an email gonorth@scandlines.com.

We are looking forward to see you on board!

With maritime greetings

Your Scandlines B2B team
