### Booking deadlines for heavily requested departures for busses in spring and autumn of 2022 – further departures between May 1<sup>st</sup> and December 22<sup>nd</sup> 2022 on the route Rostock-Gedser v. v. are confirmed

In our September Newsletter we pointed out the heavily demand for departures in autumn and spring 2022. Unfortunately, not all of the departures on the route Rostock-Gedser were confirmed. Today we are announcing the departures from May 1<sup>st</sup> up to including December 22, 2022. **The confirmed departures are marked in yellow.**

We would like to continue to draw attention to the [booking deadlines](#) for the heavily requested departures for busses in spring and autumn of 2022.

As in previous years, we will collect all incoming booking requests for the busy travel days in 2022. We will allocate the space after the deadline mentioned below, based on the available quotas for busses on these ferry departures, provided that the booking requests have been received until the mentioned deadline.

If you wish to book one or more of the below-mentioned departures on the Rostock-Gedser or Puttgarden-Rødby routes, we kindly ask you to submit your requests by **October 1, 2021** and **May 1, 2022**, in order to be considered for the available bus space on these departures.

### Face masks on board as of November 29 2021

Since November 29, 2021, wearing a mouth and nose protection is again mandatory in public transport and taxis, in retail and in the health sector (hospitals, test centers, etc.) in Denmark. This obligation also applies to the Danish Scandlines ferries, which operate on the Puttgarden-Rødby and Rostock-Gedser routes between Germany and Denmark. Children under the age of 12 are exempt from this obligation.

Face masks are still required on our German ferries.
